

# Pineapple Research Station, Vazhakulam - Facilities

Pineapple Research Station has well equipped laboratories in biotechnology, microbiology and phytochemistry. The major items of equipment and facilities include the following in line with a world class research centre.

Microscope with camera

Precision balances

Hot Air ovens

Orbital Shaker

Centrifuge

Autoclave

Laminar air flow chamber

BOD Incubator

Deep freezer

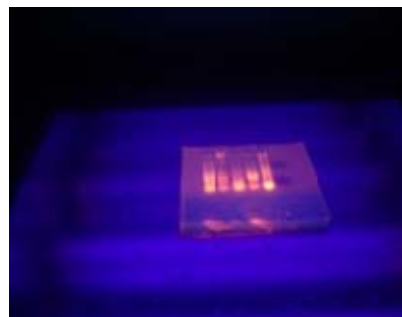

Agarose gel electrophoresis (AGE)

Polymerase chain reaction (PCR)

UV visible spectrophotometer

UV Transilluminator

Refractometer

Flame photometer

ELISA reader and washer

Gel doc with imaging system

# Pineapple Research Station, Vazhakulam - Facilities

TC Culture rooms

TC Plants hardening

Mist chambers

Green houses

Nurseries

Office block

Experimental research fields

Library

Conference room
